

## ENROLLMENT APPOINTMENT DATES FOR 2020-2021

The **enrollment appointment date** is the **first date** on which you may begin the registration process for that term. The enrollment appointment dates **range** from **Monday, March 9** to **Thursday, March 19, 2020** for returning students.

Your individual date will be displayed in the **Enrollment Dates** box on your **Student Center page**. On your **enrollment appointment date**, you can register for your **Summer 2020** (2201), **Fall 2020** (2202), **Fall 2020-Winter 2021** (2203), and **Winter 2021** (2204) semester courses.

### Example:

▼ Enrollment Dates
<b>Course Cart Appointment</b> Your Course Cart for 2020 is available for use beginning 1 March 2020
<b>Enrollment Appointment</b> Summer 2020 9 March 2020 at 8:00
Fall 2020 9 March 2020 at 8:00
Winter 2021 9 March 2020 at 8:00

Although the **enrollment appointment dates** indicate when you will be able to start registering, you can start planning and filling your **Course Cart** in **early March**.

The **enrollment appointment date** is based on the **number of credits to completion** for your program if you are a degree student.

**If you wish to calculate your enrollment appointment date (EAD), the following formula is used:**

**Program length** (minimum credits required) minus **credits earned** in the Fall semester, and **credits in progress** for courses as of February 2020 (excluding DISC courses) equals **credits to completion**. Your **EAD calculation** should match the **enrollment appointment date** in your **Student Center**.

Please refer to **two examples** of the **EAD calculation** on the next 2 pages.
